dated 12th April 1942.

Sir,

WORKS - Wellesley Sanatorium Jail, Bellary -
Special Repairs to warders' lines - Estimate
for Rs.3600/- Submitted for administrative approval
of Government.

I forward, herewith, for favour of administrative
approval of Government an estimate amounting to Rs.3,600/-
for the work cited above.

2. The report accompanying the estimate explains
the necessity for the special repairs to the two warders'
lines in the Wellesley Sanatorium Jail, Bellary.

3. The capital cost of one of the warders' lines
item 73-B3 will be increased by Rs.434/-.

Estimate for S.R. to the Warders lines in the W.S.Jail
Bellary.

.....

I forward herewith an estimate for Rs.3000/- for
special repairs to the warders lines in the W.S.Jail, Bellary
for obtaining the administrative approval of the Government.
The report accompanying the estimate explains the necessity
for the work and the items provided for in the estimate.

The capital cost of one of the blocks viz. items 73 & 74
in the Register of Buildings will be increased by Rs.434/-
as stated in the estimate report, and I request that a
grant of Rs.434/- may be allotted.

Report to accompany the

order

Item 73 B1 - C.C. Rs 82,781/-
Item 73 B3 - C.C. Rs 4814/- ^{3740/-} ~~2810/-~~ 3600/-

The present roof of the two murders' lines is of pot tiles over mud & rafters. The rafters and some of the roof timbers are rotten and the roof is leaking. The estimate provides for renewing the roof, removing the rotten roof timbers & re-raftering with old pot tiles or new Kullit tank roof for one block and with new Mangalore tiles and Kullit tank roof for the other block.

Very respectfully,
Director, Bangalore Central Jail

The estimates are prepared including drains and ~~privies~~ ^{soak pits}

Capital cost of each block
Item 73 B3 no two registers
Building will be increased by Rs 434/-
The Capital cost of the two blocks is increased by Rs 420/-
and Rs 321/-

Enclosures :

No. 894-S2-42. dated 20th October 1942..

Sir,

Jails - Wellesley Sanatorium Jail, Bellary -
 Warders lines - repairs.

Ref: Government Memo. No.15234-C-1, Home, -
 dated 15-6-42.

The Executive Engineer, Bellary Division reports
 (1) that country wood available locally are (1) Honni
 (2) Rudrajani and (3) Nallamaddi. Items (1) and (2) are
 easily affected by white ants and are not suitable for
roof timbers. The third viz. Nallamaddi is good but
 stocks are very little and long lengths of scantlings
 provided in the estimate cannot be obtained in the present
 market conditions. Hence Hubli teakwood as provided in
 the estimate may stand as it is possible to obtain this
 wood though at a higher cost;

(2) there is no objection to provide pot tiles
 in place of Mangalore tiles but some delay is inevitable
 due to preparing them locally and burning them.

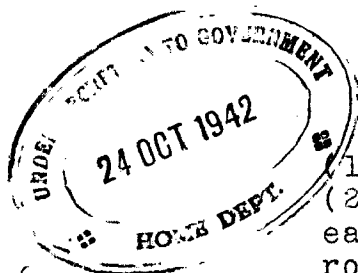

(3) if pot tiles are substituted for Mangalore
 tiles the amount of the estimate may be reduced by about
 Rs.225/-.

2. The estimate is herein enclosed.

(H-8-42-6.)

for Insp.-Genl. of Prisons.

in G.O.M. 1170 P.W. dated 4.5.1942, wherein it is stated that no new works involving the use of teak wood should be ^{started,} military, Civil Defence & A.R.P. works alone being excluded from the scope of this ruling. It is not known if 'Habili teakwood' ^{13C1} mentioned in the estimate and the report is merely the name given to the Country wood locally available just like 'Ven teak'. The C.E. (BRARP) may see the estimate w.o. for remarks. He may perhaps also be requested to state what kinds of Country wood locally called 'teak' may be treated as not falling under the term 'teakwood' mentioned

in the G.O.

At estimate

Office of the Chief Engineer, P.W.D.
 General, Buildings & A.R.P.

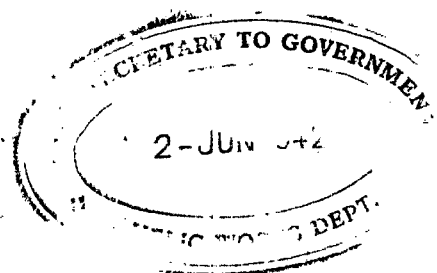

It is not clear why the E.E. has proposed old pot tiles for one of the two Warders' Lines and new Mangalore tiles for the other Line, thus increasing the capital cost of the buildings by Rs.434/- especially when the existing roof is stated to be of Pot tiles. As a plain Mangalore tiled roof will be hotter than a pot tiled roof, the E.E. may be asked to consider during execution why new pot tiled roof should not be provided instead of new Mangalore tiled roof proposed.

(2). In regard to 'Hubli Teak wood' provided in the estimate, I consider that pending further clarification of the exact scope of the words "other timbers" mentioned in Government of India's instructions in letter No.T.M./846 dated the 29th Jany.42 of the Directorate General of Supply referred to in the P.W.D. letter No.692-II/42-1 dated 16-5-42, Hubli teak which is a moderately durable species though not recognised as equal to the Burmah teak, has to be classed as Teak-wood and hence to be conserved for war purposes. The E.E. may therefore be asked to adopt some other variety of good country wood of adequate sections available locally, or in the near vicinity. But, in case a suitable country wood is not available I consider that we may have to relax the order slightly and permit the provision of Hubli teak, as we should not allow the buildings to perish or endanger the occupants:

P.W. Dept

Please see notes above. The

work involves the use of Hubble teakwood. The quantity of teakwood involved is appreciable (approximate value of teakwood is Rs 1667/-).

The restrictive order in G.O. No. 1170 P.W. 87 4.5.1942 will have to be relaxed in this case. Hence it seems desirable to obtain orders in circulation. The file may be returned to Home through Finance.
